AITELHAJ GHIZLANE

Final-Year Engineering Student | PFE Candidate - February 2027

+212 694343852 Aitelhaj.ghizlane18@gmail.com CASABLANCA, MOROCCO Ghizlane Ait Elhaj | LinkedIn

Final-year Engineering student in Information Systems & Big Data at ENSA Berrechid, with a strong interest in Data Engineering, Big Data and AI. Experienced in building data pipelines, processing data and developing data-driven solutions using Python, SQL and distributed data technologies. Seeking a PFE opportunity starting February 2027.

EDUCATION

Engineering Degree in Information Systems & Big Data | 2024 – 2027

National School of Applied Sciences of Berrechid - Berrechid, Morocco

Final-year Engineering student.

Integrated Preparatory Cycle | 2022 – 2023

National School of Applied Sciences of Safi - Safi, Morocco

First year of preparatory cycle.

WORK EXPERIENCE

Data Engineering Intern Safi, Morocco

OCP Group - Maroc Chimie Jul 2026 - Aug 2026

. Designed a data pipeline for industrial production data using a Bronze , silver , gold architecture.
. Developed data ingestion and transformation workflows with Apache Airflow, Python and Trino.
. Processed and structured production data for industrial performance analysis.
. Built analytical datasets and dashboards using PostgreSQL and Tableau Software.

Data Science Intern Remote

Saiket Systems Jul 2025 - Aug 2025

. Preprocessed and analyze customer data using Python and Pandas.
. Developed classification models including Logistic Regression, Decision Tree and Random Forest.
. Evaluated model performance to support customer churn prediction.

AI Intern Casablanca, Morocco

Schoolify Jul 2025 - Jul 2025

. Developed a RAG-based chatbot for querying educational documents.
. Implemented document processing and retrieval using LangChain.
. Built an interactive chatbot application using Streamlit.

SKILLS

Programming : Python, SQL, C

Data Engineering & Big Data : PySpark, Apache Spark, Apache Kafka, Hadoop/HDFS, Apache Airflow, ETL/ELT, dbt, RabbitMQ.

Databases & Data Warehousing: PostgreSQL, MySQL, SQL Server, Oracle, MongoDB, Snowflake,Neo4j.

Cloud & DevOps: AWS, Docker, Git, GitHub.

Machine Learning & AI: Scikit-learn, MLflow, LangChain, RAG, Classification, Regression.

Data Visualization: Tableau, Power BI, Streamilt, Dash.

LANGUAGES

French : Fluent English : Conversational Arabic : Native
